

DISTRIBUTION SUBSTATION CONSTRUCTION

PORTLAND GENERAL ELECTRIC
DISCOVERY CENTER SUBSTATION
THE DALLES, OR

DESCRIPTION

Greenfield construction of a multiple transformer distribution substation.

SERVICES PROVIDED

NAES Power Contractors received the client's 'Project of the Year' award for this substation construction project. NAES Power Contractors provided all site management and labor for new construction of a multiple transformer distribution substation, with equipment and materials supplied by Portland General Electric (PGE). The project was completed on schedule and within budget.

- Provided labor and site management for entire project
- Installed transformers, switchgear and fencing
- Set up grounding system, conduit and cables
- Installed foundations, terminations and structural steel
- Installed control building, control/relay panels, station equipment, and bus work
